Summary

Computer Science undergraduate with practical experience in Machine Learning, REST API development, and research-based projects. Strong foundation in algorithms, OOPS, and database systems. Interested in applying technical skills to build scalable and intelligent software solutions.

Education

C.V. Raman Global University

Aug 2024 – June 2028

B.Tech in Computer Science and Engineering (CGPA: 7.98)

Bhubaneswar, Odisha

Experience

Smart India Hackathon (SIH) | Team Member

Aug 2025 – Sep 2025

- Contributed to the development of Smart Crop Advisory System for data-driven agricultural recommendations.
- Collaborated in model development, dataset analysis, and system design.

CGU Space Club | Technical Participant

Feb 2025 – July 2025

- Participated in CGU SAT-1 technical session focused on space technology concepts.
- Engaged in discussions on cosmic radiation and satellite applications.

Projects

Smart Crop Advisory System | SIH Project

Aug 2025 – Sep 2025

- Developed an AI-based crop advisory system to assist farmers with crop selection, fertilizer recommendation, and yield optimization.
- Applied Machine Learning techniques to analyze soil data, weather conditions, and crop history for accurate recommendations.

Cosmic Watch | IIT Project

Feb 2026

- Contributed to the Cosmic Watch portable cosmic ray detector project for studying high-energy space particles.
- Assisted in data acquisition, calibration, and analysis of cosmic radiation detection patterns.

Wine Quality Prediction | AI/ML Project

March 2026

- Built and compared multiple ML models including Decision Tree, KNN, Logistic Regression, Naive Bayes, and Random Forest.
- Achieved highest accuracy using Random Forest and optimized performance through feature engineering and evaluation metrics.

Technical Skills

Languages: C, C++, Java, Python, SQL

Developer Tools: VS Code, Git, Jupyter Notebook, GitHub, MySQL

Technologies/Frameworks: Pandas, NumPy, REST APIs, UI/UX Design, Streamlit

Relevant Coursework

Data Structures OOPs Algorithms Analysis Database Management Machine Learning Computer Networks

Achievements & Certifications

- Certificate of Cooperation – Web Hackathon at **IIT Bhubaneswar**.
- Received SIH Internal Certificate of Shortlisting.
- Earned Introduction to Machine Learning Concepts Badge.
- Technical Session on CGU SAT-1, organized by CGU Space Club.
- Digital Productivity with AI by YuWaah India at UNICEF.
